EXPERIENCE

Freelance – Web Development & Client Projects | 2026

- Developed and deployed websites for Wednesday Virtual Hub (freelancing/VA platform), Wednesday English Academy (E-learning portal), and a client portfolio website.
- Designed responsive, user-friendly interfaces focused on usability and accessibility.
- Structured content and improved overall user experience through clean UI/UX design.

Internship | 2025-2026

Carmelray 2 Incorporated | Feb – Apr 2026 (340 hrs)

- Assisted in website design and UI layout improvements.
- Created publication graphics and provided basic IT/network troubleshooting support.

Jardine Distribution Inc. | Nov 2025 – Feb 2026 (270 hrs).

- Supported budget allocation and data organization using Excel.
- Assisted in warehouse space planning and operational documentation.

Academic & Capstone Projects (Software Engineering & Web Development) | 2022–2025

- Developed multiple web-based systems including a Human Resource Information System with Incentivization (Capstone)
- Built an Autocare System with appointment scheduling, service listings, and product display
- Created a School Enrollment System to improve student registration and data management
- Designed a Navigation Website (AllWays) featuring route optimization, time management tools, and location discovery
- Applied software engineering principles, system design, and user-centered development practices
